MAGIC

HAPPENS AT HARKER.

Harker is a welcoming, supportive, fun and close-knit community of students, parents, faculty and alumni that shares a love of learning and making the world a better place.

Our greatest goal (and greatest joy) is to help all students uncover their unique gifts. Whether they are directing their own play or pitching a startup, we create a space for all students to try new things inside a community that cheers them on. We encourage children to sculpt, act, sing, play sports, start a club – anything that will help them stretch and grow and truly find the things that they love.

Sure, we have amazing academics and brilliant teachers who absolutely love what they do (and they are a big part of our secret sauce). But wait until you see the choices outside the classroom. Athletics, performing arts, clubs, business and entrepreneurship, debate ... the list goes on and on. And when kids try something new and a passion is ignited, that is where the magic happens.

Since 1893 we have been doing what we love – bringing out the very best in children – and we welcome you to join our community!
